**Re:** Update re. Avery-Muirfield/Perimeter Drive and Avery-Muirfield/Hospital Drive Roundabouts

## Summary

At the March 22 City Council meeting, Engineering staff plans to present an update to Council on conceptual designs for the roundabouts for the Avery-Muirfield/Perimeter Drive/Perimeter Loop Road/Hospital Drive intersections. Council adopted the roundabout solution at these intersections on January 23, 2006, and these improvements are budgeted in the City's 2010-2014 Capital Improvements Program (CIP) under Major Projects (ET0410). The CIP provides funding for design (\$500,000) in 2011 and construction (\$3,500,000) in 2013. Staff has moved forward with concept designs for the following reasons: to better understand impacts of the improvements on surrounding properties in order to refine estimated costs for right-of-way acquisition in preparation for the upcoming CIP; to better understand the impacts of the improvements on access drives along Perimeter Drive/Perimeter Loop Road/Hospital Drive; and to conceptualize the improvements and their impacts as a result of and in anticipation of multiple rezoning applications (McDonald's, Giant Eagle, Kroger). The presentation should last no more than 10 minutes.
