RE: The Country Club at Muirfield Village Amended Final Development Plan Application, Section III

To Whom it May Concern

The following information is part of the application for an Amended Final Development Plan, Section III.

III-a. The proposed development is the exterior improvements to an existing exterior courtyard located at adjacent to the main clubhouse. The improvements include relocating an existing fire pit, adding a composite deck at grade, replacement of existing outdoor seating, a golf scoreboard, exterior service counter, low landscape wall, grill station, and new concrete patio and landscaping.

III-b. The improvements do not change the use of the existing courtyard and compliment the existing functions of the clubhouse. The improvements allow the club to continue offering its' members the amenities and services they have become accustomed to. The improvements do not change the land use or impact the physical land characteristics of the surrounding area.

III-c. The improvements compliment the existing club and continue to promote the design aesthetics of the surrounding area.

III-d. The improvements to the exterior courtyard improve on the existing use and function of the club.

Thank you.

Sincerely,

Peter J. Scott, CSI, CDT
Senior Associate

ATTACHMENT A: FINAL DEVELOPMENT PLAN APPROVAL CRITERIA

§ 153.055 PLAN APPROVAL CRITERIA.

(B) Final development plan. In the review of proposed planned developments, the Planning and Zoning Commission shall determine whether or not the proposed development, as depicted on the final development plan, complies with the following:

- (1) The plan conforms in all pertinent respects to the approved preliminary development plan provided however, that the Planning and Zoning Commission may authorize plans as specified in §153.053(E)(4);
- (2) Adequate provision is made for safe and efficient pedestrian and vehicular circulation within the site and to adjacent property;
- (3) The development has adequate public services and open spaces;
- (4) The development preserves and is sensitive to the natural characteristics of the site in a manner that complies with the applicable regulations set forth in this code;
- (5) The development provides adequate lighting for safe and convenient use of the streets, walkways, driveways, and parking areas without unnecessarily spilling or emitting light onto adjacent properties or the general vicinity;
- (6) The proposed signs, as indicated on the submitted sign plan, will be coordinated within the PUD and with adjacent development; are of an appropriate size, scale, and design in relationship with the principal building, site, and surroundings; and are located so as to maintain safe and orderly pedestrian and vehicular circulation;
- (7) The landscape plan will adequately enhance the principal building and site; maintain existing trees to the extent possible; buffer adjacent incompatible uses; break up large expanses of pavement with natural material; and provide appropriate plant materials for the buildings, site, and climate;
- (8) Adequate provision is made for storm drainage within and through the site which complies with the applicable regulations in this code and any other design criteria established by the city or any other governmental entity which may have jurisdiction over such matters;
- (9) If the project is to be carried out in progressive stages, each stage shall be so planned that the foregoing conditions are complied with at the completion of each stage;
- (10) The Commission believes the project to be in compliance with all other local, state and federal laws and regulations.
