

Historic Dublin Tour

Red Trail 

Length: 3.17 miles

Terrain: Somewhat hilly; trails follow and cross some busy streets

Make sure to bring: A little money for a snack in Historic Dublin

Beginning at the Dublin Community Recreation Center in Coffman Park (5600 Post Road), take the bike trail through Coffman Park to Emerald Parkway. Follow Emerald Parkway's winding bike trails east past Coffman High School and Cardinal Health to the newly completed Dublin Road bike path. After turning south, you'll travel up a scenic path lined with trees and moss-covered limestone walls into the Historic Dublin shopping district. Make sure you take a break and enjoy the food and shopping available both north and south of Bridge Street, and stroll down to the banks of the beautiful Scioto River at Dublin Spring Park, 20 S. Riverview St. When you're finished, bike west on Bridge Street, through Boy Scout Park, at the intersection of Post Road. Follow Post Road west back to Coffman Park.
