

City of Dublin Residents Survey 2010 - LAUNCHED

Results Overview

Date: 4/27/2010 7:30 AM PST

Responses: Completes

Filter: No filter applied

105. What should Dublin's top three goals be?

#	Response
1	To provide a safe and economically stable community to its residents. Traffic and roadway improvements for safety as well as functionality. Bringing in businesses/eateries that appeal to it's residents to increase growth and desire to live here.
2	Keep taxes down - spend wisely - eliminate wasteful spending Thrive on the history of Dublin Make Dublin employable by providing bike servies, bike restaurants, making the Dublin Village Center like Galway, Irealnd.
3	Maintain what we have. Grow in a smart, sustainable fashion. Don't try to be something it's not (this is a city for families, not a beach-front retirement community).
4	More arts offerings Wi-Fi Maintain property values
5	encourage business development (diverse, forward thinking businesses), support the schools, make Dublin a place for active living
6	DEER ARE ACTUALLY TAME IN MUIRFIELD - AMBLE ACROSS STREETS IN FRONT OF CARS. GRAZE IN OUR BACKYARDS DAILY.
7	Have the people who feed the deer STOP
8	Limiting cell phone use while driving, traffic law enforcement, and schools.
9	improve traffic flow; lower taxes; use traffic lights instead of spending huge amounts of money on new roundabouts
10	Commercial development in a smart manner so as not to lessen quaiy of life (i.e. IGS is a mess and will take over Emerald Parkway when finished) Always keep residents ease of commuting in mind when developing commercial land Discouraging additional multi-family housing
11	develope the dublin center area developpe the scioto river area in historic Dublin
12	Safety Fill the empty shopping centers No more empty spaces!!! Environmental Sustainability
13	Parking Traffic flow filling up vacant shopping centers
14	Not sure.
15	See question 99.
16	Continue to respect greenspace with thoughtful planning, maintain police and fire protection, think through revitalization before additional building occurs
17	Economic development Promote diversity Improve education quality
18	planed growth. safe neighborhoods. traffic/roads
19	Maintain the overal services
20	Traffic in Historic Dublin, Schools, purchasing and developing the property ajacent to the historic cemetary on 161.

21	wi-fi, bike/hike paths connecting, more park land
22	1. Maintain a great city with input from residents. 2. Sustainability 3. Listen to what citizens want & implement by remaining fiscally responsible.
23	Acquiring and preserving natural parkland. Prioritizing pedestrian and biking accessibility Listening to residents concerns and suggestions. Improving the Historic District and Bridge Street corridor
24	Environmental Sustainability Safety Road Maintenance/Improvement
25	infrastructure, raising taxable base by attracting more businesses,
26	Retain population control, traffic control and keep the school taxes lower.
27	1. Improve traffic flow 2. Maintain and improve crime and vandalism reduction practices by police 3. Prevent deterioration of buildings and structures in the Historic District
28	work more closely with the schools, two organizations competing for resources
29	Education & schools, building roads before adding housing developments, cost control
30	Not to raise taxes Improve transportation through city Crime prevention in neighborhoods
31	Tech growth, maintaining services, grow city opportunities/ services as population grows
32	Bicycle transportation network. Long-term financial stability (ie balanced budget). Long-term planning and execution.
33	Traffic speed control; more bike paths;
34	same as now
35	Safety Good Traffic movement Listen to the citizens
36	Encouraging economic development in order to generate income tax and reduce the likelihood of increasing costs for services to residents.
37	Outdoor dining, bike paths, continue to maintain excellent transportation network
38	Managed Growth, Promote Growth of new Businesses, Maintain resident safety.
39	1.Improve traffic flow 2.Develop affordable condo options for 55 and older that are LESS than \$300,000 3. MOVE the Irish Festival somewhere that does NOT impact neighborhood residents for a month before, during and weeks afterwards!
40	1. Keep property values up 2. Bring business to the city 3. Develop a strong sense of community
41	FIRE/POLICE COMMUNITIES MIDDLE CLASS FOL- KS WITH NICE LIVING ARE THAT NOT SO EXPENS- IVE TO LIVE OR PURCHASE & KEEP UP TO STANDARDS.
42	Making Dublin bike paths connect all of it's neighborhoods to increase bike / foot traffic and decrease car traffic
43	1. Strategic Planning for the Future. 2. Increasing the viability of our community. 3. Maintaining the excellent community services.
44	- Minimize future tax increases. - Continue focus on parks and rec (along with Art in Public Places Program) - Focus on sustaining Dublin as a premier place to live and work (job creation).
45	1. Address major traffic/roadway issues (examples-US 33, extend Tuttle Crossing to Avery Road, improve 270/US33). 2. Continue to attract large companies to Dublin to bring good jobs for people living in the area and increased income tax dollars. 3. Balance fiscal responsibility with continuing to provide above average services to the residents of Dublin.
46	Jobs to maintain tax base, acquire more parkland and green space, improve public transportation options
47	In the current economic environment, give the citizens a break on taxes. If not reducing taxes, then by providing fee free availability to places like the rec center, pools, etc.

48	Safety. Recreation. The Future of Dublin. Not necessarily in that order.
49	More community events, wi-fi for downtown (like powell, parks.
50	Maintain, Sustain, Improve
51	1)Public safety and services 2)Quality of life via Parks and Rec 3)Business opportunity and Community events
52	1)Increase Econ good jobs 2nd)Schools 3rd)Environment(Green)
53	Slow planned growth with an eye toward quality of life.
54	Skunk removal. Additional recreational area for adults and children. Exciting innovative park equipment.
55	Education, Safety and Conservation
56	Dublin is preceived as wasting money. Manage all costs associated with goverment.
57	Improve traffic flow along major arteries. Build a real city hall and create a real center to Dublin. Maintain excellent city services.
58	plan for traffic better...growth will be hampered if you do not
59	continued controlled growth, road improvements to stay ahead of traffic increases, more parkland.
60	1) Improvements at "difficult" street intersections. 2) Imroved Traffic Flow, inclding reducing need for vehicle usage allowing walkable shoppng opportunities. 3) Bike apths along Dublin Road south of Old Dublin
61	1-continue planning development as they have, 2-work to get existing vacancies filled before building new space, 3-expand recreational facilities, 4-maintain high standards in education
62	Great schools, environmental suatainability, business growth
63	Prevent crime; provide quality services; control growth
64	Economic sustainability w/o increased taxes Excellent Schools
65	Schools Traffic Flow Maintenance
66	Dublin Road Bike Path Bridge Street Improvements Rec Center Addition
67	1. Improve and expand current park facilities (including the Rec Center.) 2. Look for positive business and restaurant additions to the community. 3. Continue to strive for excellence in the community and open up communication to 21st century standards with the citizens.
68	WiMax Create walkable living area for Avery corridor Manage retail shopping areas that have gone out of business
69	Safety for children, develop bike paths and street lighting, enforce traffic laws
70	Keep citizens safe Provide best transportation system possible Provide services that enhance property values
71	Preserve historic spaces Land use protection for residents Re-think recently constructed shopping areas that are empty
72	Enhance Historic District Increase traffic infrastructures Encourage more affordable housing options
73	1. Lower taxes 2. roads and traffic 3. mainenance.
74	provide a safe community keep up the high building and housing code standards keep up the parks/bike treails and green spaces that make Dub;lin attractive
75	Continue enhancement of parks and bike paths; focus on long-range planning to protect our environment; and continue to deal with our traffic.

76	Reduce taxes Reduce taxes Reduce taxes (Please count Reduce taxes 3 times so it gets appropriately counted)
77	Parking in Historic Dublin Enact Goody Clancy recommendations Reduce Property taxes
78	Quality over quantity in all areas (an area of strength for the City is the past).
79	Preserve what we have in green space and resources
80	Wi-fi Easing traffic congestion/more traffic calming
81	1. Attract high dollar jobs, to expand revenue for the services checkmarked above in this survey. 2. Come up with a long range plan for acquiring easements along the river for pathways and parks. 3. Expand the bike path network.
82	Education and support of schools City Services Local business support
83	-building a community that is not so dependent oil -involving all Dublin citizens in the process -protecting the environment
84	Safe water and sewage for the entire community.
85	Safe community/ good schools/good services
86	Make sure everyone in Dublin has access to services and amenities. Look for ways to moderate unnecessary spending. Study ways to create neighborhoods in which all the houses don't look alike.
87	Continue to develop connectivity of bike trails and outdoor recreational activities. However number one priority is better communication on events and traffic jams to residents.
88	forsee future needs meet those needs do it efficiently
89	focus on managing expansion, reduce property taxes, manage increased traffic and flow
90	Safety
91	LOWER TAXES LOWER TAXES LOWER TAXES
92	Continue to maintain the current quality of life and value to attract businesses
93	schools, no-cost recreation facilities, roads
94	1) Traffic congestion ease 2) School Quality 3) Effective and quick communication to residents
95	Lower property taxes Lower income taxes
96	community involvement
97	Residents
98	Improve Communication, Sustain yet control Growth, Maintain the quality of services we currently enjoy.
99	aesthetic appeal of all physical improvements incorporation of Shawnee Hills and improvements of the properties east of Dublin road Turn lane at Dublin road and Glick
100	Maintaining the quality of life for current residents. Capping the commercial development. Increasing convenient walking facilities for pedestrians.
101	Bike Paths for Muirfield Residents near Glick & Dublin including under pass of Glick. WiFi Traffic Control in Corner of Glick/Dublin Rd.
102	Safety, education, beauty.
103	(1)downtown waterfront park/entertainment area to get people downtown. (2) Help build and fund a new library (ours is pathetic) (3) create a lot more parks and save the trees
104	Plan for the future (properly budget \$\$\$) expand the cemetery on Monterey to included the rental duplex area
105	Continue to develop & manage green spaces, more business development, WI-FI

106	old dublin, making it more urban, connecting old dublin to sawmill
107	1. Address city becoming over-populated and congestion 2. Consider a 2nd Rec center 3. Address traffic congestion
108	controlled growth, upkeep of traffic flow/roadways, and safety
109	1. Not raise taxes 2. Keep taxes the same 3. Hold the line on taxes
110	Maintain excellence schools, Mixed use walkable residential/commercial area, Maintain great community services and facilities
111	Plan & Develop the Bridge St corridor Reduce taxes Strengthen education
112	Sustained economic growth to keep taxes as low as possible. Maintenance of what we have before moving on to new "things". Continued focus on balance of growth vs conservation.
113	n/a
114	Good education in schools Safety good health promoted through bikeways, playgrounds, paths,etc.
115	1.Stop taking over farm land for even more development 2 Keep up good work with park/road beautification 3. More off street parking in Old Dublin
116	Continue to attract businesses to Dublin. Continue to support our schools financially so they can continue to be excellent places to educate our kids. Plant new trees to replace the ones killed by the ash beetle.
117	Enhance current facilities, keep taxes where they are (live within the means available now) and plant more trees.
118	Traffic/road modification to Muirfield/270 corridor to ease commuters need to get on 270 efficiently
119	1.Safe 2.Planned growth and reduce congestion 3.Increase bike trails to promote cycling to old dublin, etc
120	Control growth Maintain great schools add to parks and open spaces
121	1.reduce staff and payroll 2. stop the incessant electronic communication it is annoying 3. quit wasting money on walkable dublin
122	Safety Education Services for poor
123	Enhancing perception, value, safety
124	WOrking on improving what we have already. Taking the next step to be a greener community.
125	Maintain beauty, maintain home values, continue providing excellent city services.
126	1. Crack down on Neighborhood Break ins 2. Continued Service - Streets and Bike Paths 3. Sponser Community Gatherings
127	increase size of rec center work on safety of neighborhoods manage traffic
128	1. Attractive street lighting of all neighborhoods. 2. Promotion of/incentives for use of "green" home energy alternatives i.e. solar panels, wind turbines, etc. 3.Keep Target out of our community!
129	1. Maintain financial stability 2. Identify opportunities due to current financial situation and take advantage of them for the long term benefit of the city. 3. Take a balanced approach towards managing the issues of today while welcoming and planning for the future.
130	1) Increase outdoor recreation (bike paths, green spaces and easier access to parks where there are traffic issues; 2) Install roundabout at Hyland-Croy and Post and address traffic issues on Hyland-Croy; 3) Increase size of DCRC
131	Managed growth improve historic and Bri-High area environmental sustainability
132	Keep city clean,improve roads,improve entrnce to muirfield
133	Budget funds so taxes do not go up. Stop wasteful spending on art around the city.

134	Adequate main roads for traffic flow. Adequate, good water supply. Adequate information to residents.
135	Parks and outdoor Sustainable budget continued festivals and entertainment options
136	Reduce spending; lower property taxes. Provide reliable city services (snow plowing, trash pick up). Improve supervision and accountability at DCRC & pools. Too many thefts at DCRC.
137	Fix traffic flow at 161 and Avery-Muirfield.
138	Address the deer issue Address empty retail space Continue to improve traffic flow
139	1. Make it a more pedestrian/bike friendly community. 2. Preserve natural areas. Maintain already high level of services while enhancing sustainability.
140	Public Transportation Plan Public Safety Public Health
141	strong financial future Planning for future changes in demographics convert gas and diesel vehicle use to natural gas
142	1. Maintain Safety, 2. Maintain quality of life, 3. Do not raise taxes
143	Continued infrastructure development, annexation of additional land to the north/northwest, making the Historic Dublin area a destination for evening entertainment
144	Beutification of landscaping/buildings improve roads/easy access Improve quality in EVERYTHING THAT YOU DO
145	make a more reasonable admission price for the residents of dublin to attend the irish festival continue to support and extend the parks and bike paths improve traffic flow and parking to allow for the population
146	Don't know
147	Keep taxes affordable Expand and interconnect the bike paths
148	MAintain quality through zoning enforcement, Keep traffic flowing (build roads to keep up with growth, citizen safety (police/fire response)
149	1. Fiscal Responsibility through budget restraints 2. Maintain safety and security it currently has 3. Finish Tuttle To Avery
150	To maintain a safe community To plan for a self-sustaining community To stop residential growth (suburban sprawl)
151	1. maintain 2. traffic 3 recreation Shorter surveys
152	-Good Planning -Recreational Facilities -Cultural Cohesiveness
153	Maintain cleanliness along streets and landscaping. Uphold high standards for residential upkeep, including fences and general upkeep. Create a rule for cars left in the street overnight and enforce it.
154	Fiscal control control of taxes Keep the city growing with control
155	1. infrastructure for growth (residential and commercial) 2. revitalization of retail spaces 3. continued emphasis on education (both formal and those programs offered through the rec center, for example)
156	1. Sustaining the environment while also sustaining job opportunities and the local budget (to me they are both equal priorities); 2. Supporting the local school system(s) and other educational institutions and opportunities; 3. Providing easy access for residents and visitors/workers by means of public transportation options, road planning, traffic control, etc.
157	33 Corridor Bridge Stret Corridor High Speed Rail, Marysville to Port Columbus
158	Save downtown businesses by increasing dramatically parking availability. 2)Listen to the citizens. They get ignored alot. 3)Monitor speeders in school zones.
159	1. Traffic Flow 2. Bike Paths - Maintenance 3. Homeowner Maintenance/Keep Up
160	safe, clean city good schools good traffic flow with maintenance of nature and aesthetics of area

161	1. Maintain strong tax base 2. Develop Historic Dublin into a more pedestrian freindly City Center. 3. Develop a workable traffic solution to ease congestion on the 161 corridor.
162	1. PLANNED growth. 2. Maintenance of current parks and facilities; what we have is great; let's keep it that way instead of over-expanding and then having to either cut maintenance, increase taxes, or both. 3. Eliminate geese.
163	Traffic Services Cultural opportunities
164	Continue
165	Traffic flow, environment, technology
166	wi-fi, property values, downtown development
167	manage growth, encourage more business/tech to locate here, don't let union county determine utilization of western part of dublin
168	Secure the Golf Club of Dublin's financial future/continue to promote healthy living/keep the crime rate low
169	safety schools recreation
170	Maintaining Dublin as a safe, desireable place to live and a location where home value increases.
171	1. keep the roadways clean and clear 2. continue the excellent police and fire service. 3. Keep the Dublin public informed and involved.... it works what ever you are doing now !!
172	Reduce property taxes.
173	lose the arrogance; ask, listen, and respond to citizens; be cognizant of surrounding communities.
174	Sustainability, More green spaces/bikepaths interconnected, corporate growth
175	Controls on builders of housing - lower property taxes Make downtown less commercial and someplace you want to go.
176	Squirrels and ground hogs have damaged our backyard
177	Continue to keep us safe, beautiful, and protected.
178	improve rec center facilities, encourage growth of businesses (jobs) and family dining
179	We use business "clusters", look into quality, efficient public transportation to and from the areas our workers are commuting from to work without the need for autos and the related congestion. 2. The environment has to be protected for our safe enjoyment and sustainability of our community for the future. 3. Work on "connecting" the various little communities of Dublin, by walkways/bikeways, bridges/tunnels over rivers, freeways and --- think small. If you replace the monster suv's with electric golf carts (with better brakes, lighting and bumpers) on restricted roadways, would we have less need for huge parking lots? Look at resort communities that are close-knit and use golfcarts for most short distance trips. (I know, there are a lot of opinions on why it can't be done -- but we need an alternative to large vehicles within the community for short errands and we really need to look at good mass-transit for longer trips instead of more highways.)
180	Reduce the number of Geese!
181	enhance quality of life issues stability of tax revenues increase internal efficiencies
182	Easing traffic flow; creating and celebrating the community we have and not try to replicate a different area of town like Easton; working to develop and maintain our parks and recreation areas.
183	Police/safety Services/Maintenance Recreation/bike paths connected
184	1. Preserve Green Space at - do not allow existing single family homes on larger lots in established neighborhoods to be sold and torn down by developers to increase density with condos, apartments, etc. 2. Build and execute a plan to manage the ever increasing traffic on the west side of the river, specifically in the Avery Road corridor. 3. Environment - a) Educate the residents and businesses within Dublin on the benefits of bicycling to work. Offer perks to companies that adopt. b) Allow Dublin residents to use electric

	vehicles (golf carts) to travel around the community.
185	1. Maintaining schools 2. Maintaining parks/recreation areas to promote family time 3. Control growth
186	reduce taxes, reduce taxes
187	Low crime/provide a safe community Green space - saving the existing trees Community image - forward thinking
188	Help curb the deer population. It's been a huge problem for us in Riverside Woods.....the deer often eat valuable landscaping even when we use deer repellent.
189	Traffic control Growth Work with owners to get tenants for vacant office and shopping center space
190	Safety - keep line of sight at roadways and intersections substantial. Respect for the planet - if we are going to destroy habitat with development, we must have counter measures to maintain balance. Continuing to encourage volunteerism especially among the young people, our scout troop has gotten good support from the city, people who feel connected care more about where they live and who they live with.
191	More shops in Historic Dublin
192	bike paths, bike paths and bike paths
193	recreation to support growth, safety, and schools
194	Keep Dublin upscale & safe. Higher level communication
195	don't know
196	Continue the things that make it such a great place to live, the parks, bike paths, the cleanliness
197	Fix Glick/745 intersection, slow growth, promote more recycling
198	Replace burned out street lights (so many are always out); get Old Dublin plan sorted out; make a plan for Dublin Village Center
199	Housing options Excellent Services
200	get rid of geese and ducks around parks.
201	kids, their safety and activities options Roads and city safety environment friendly
202	- Continue to offer exceptional services & schools - Continue to manage growth and tight construction requirement -Improved traffic flow in overcrowded areas(you mentioned all the right intersections in your previous question)
203	Improve traffic flow Maintain streets and roads Provide bike paths along roadways
204	Help homeowners with suggestions on what to plant to deter deer and bunnies!
205	Safety Traffic Services
206	Environmental Cultural Services (trash, safety, etc.)
207	safety, controlled growth, unity
208	Traffic safety (cars, bike, walking) Road/street Repairs including looking at the traffic calming projects.. (no speed bumps and remove the curb juts on Tara Hill
209	decrease the number of deer and buy more park land and build a garden like Innesswood
210	Better use taxpayers money on necessary projects not frivolous ones. Provide access to city water and sewer to all residents. Less government is more.
211	Shoot the Canada Geese. :)
212	Government - Increasing property value - environmental
213	Connecting bike/walk paths. Increase parking space in historic Dublin.

214	Safety, environment, landscaping
215	improved traffic flow; community development; getting rid of unsightly housing (Monterey Drive)
216	1. Maintain high building standards 2. Reduce property crime 3. Promote Dublin as a great place to live nationwide
217	Continue to support parks, preservation of historic buildings, and scenic natural land.
218	improve road network increase commercial tax base provide world class events like the Irish Festival
219	safety adequate utilities traffic flow
220	safety, street littering cleanup and existing bike path repaving before any further miles are added
221	Good grief!
222	Road enhancement Bike connectivity No more power surges
223	Improving Historic Dublin Maintaining/Enhancing recreational opportunities Filling/repurposing empty retail establishments
224	providing water/sewer; improving existing parks; bike paths east side of river
225	Increase retail/dining in Dublin. Develop more indoor/outdoor recreation in the northern part of the city.
226	1) Lowering taxes 2) Wi-fi for residents 3) Improved infrastructure
227	Managing city growth, enhancing outdoor & indoor recreation, and maintaining beautification of the city.
228	maintain quality of the community maintain infrastructure apply conservative fiscal policy
229	expand rec center fitness floor and aerobic rooms
230	Safety service volunteer
231	Deliver high quality services cost effectively Improve Rec Center - getting crowded with increase in population
232	continued environmental focus ways to use less salt on roads sustainable roadside plantings
233	New home development in Coffman/Sells location
234	1. Correct traffic flow 2. Listen more to citizens 3. Continue to provide good facilities and parks for recreation.
235	traffic improvement, children/youth activities, historic Dublin.
236	Reducing traffic congestion Improving local bus transportation Stop commercial building expansion
237	Traffic and roadway Maintain current quality of life Environmental Issues
238	see question 99
239	Education, environmental sustainability, safe and friendly downtown that we could bike to.
240	maintain a safe neighborhood. maintain an excellent school system maintain property values
241	1. Parkland - securing property on Brand Road and Coffman Road. 2. Beautification 3. Roads - continue great flow of traffic.
242	1. City Planning 2. Communications 3. Police
243	promote industry decrease taxes safety
244	Improve traffic flow. Develop the Historic District. Improve the connectivity of parks and bike paths.
245	Job growth, keep Dublin a safe place to live and work, use taxpayer money wisely
246	1. tax control--my property taxes just increased by over 1000.00 a half--my paycheck will not. 2. environmental concerns 3. utility and water conservation

247	Live within the budget. Attempt to attract new business
248	safety taking care of roads care of grounds/landscape
249	Continued improvement of our schools Address the Sawmill Rd corridor issues mentioned above Increase crime prevention measures
250	1.Continue well-managed growth to maintain the aesthetics and livability of this community.
251	Safety, affordability, senior living opportunities
252	1. More walkable/bikable shopping and gathering areas 2. Connect all parks with paths 3. Widen roadways
253	improve "clean-look" of residential areas by getting cars off the streets; improve communication of available services; continue with strong retail/residential separation
254	1. Fiscal responsibility 2. Improve traffic/parking in Old Dublin 3. Safety of community
255	Maintain quality of life, promote its businesses, strive for excellence in schools.
256	Improve and repair roads Control growth Sustain level of investment in parks and wildlife areas
257	a safe community,spend wisely,plan for the future growth of the city without decreasing the current quality of life in dublin.
258	Stop treating residents like they are idiots. Use tax dollars more effectively. Building a Dublin City office campus does NOT enhance the community.
259	Spend Less money as I set here city snow plow going by park mill dr spreading salt on dry pavement {truck drivers go home they are just looking for overtime money!
260	overall appearance, safety, recreational possibilities
261	maintain good educational system, extend water services, maintain visible brand for City of Dublin and community
262	1. safety 2. free community events 3. Wi Fi to whole city including homes
263	Fix the bike paths Lower taxes Manage traffic
264	Continue to be resident focused. Focus on the infrastructure. Wi-Fi access.
265	Dublin Road and 161 intersection Burying utility lines etc Anything green
266	#1 Open Post Road back up. Many of my Columbus friends are angry that you closed off Post Road because of a few vocal residents who live in a mixed development on Post Road and a City Council staff person who supported the initiative with a vocal lawyer. #2 Take out the two islands on Tara Hill Drive. This was a total over reaction to speeding. Many of us have had to have our cars realigned due to this. Emergency vehicles go over the islands and busses have a hard time negotiating the tight squeeze these islands create. Also, many cars don't take the time to go around the islands. They turn prior to going around, thus making it more hazardous. Tara Hill is an obstacle course for teens. It hasn't slowed down the craziness of the teen drivers. It has created more havoc. #3 Give Mary Kellys a patio permit in the summer time. Support a local business that supports the City of Dublin by donating food to the Emerald Club at the Dublin Irish Festival and many philanthropic organizations in Dublin like Relay for Life.
267	1. quit spending money unnecessarily 2. reduce city staff 3. reduce electronic messaging
268	The deer are terrible in my neighborhood, they eat all our plants and trees
269	A great school system. Acquire and preserve green space. Improve Traffic, especially on 161 and intesecting roads.
270	1. residents safety (more patrolling) 2. more competetiveness in the schools 3. less property taxes atleast when the market is not good..
271	Fill vacant retail spaces Stop spending money on art projects Promote walking or biking to reduce traffic
272	Continue to do what you are doing.

273	Keep it clean, cut and picked up.
274	Controlled growth Maintain open spaces and parks Enhanced bike trails/connectivity
275	Controll Growth Keep Crime out Attract more high paying jobs to Dublin
276	Make Dublin the most sought after community. Keep quality of service high. Keep the standards of living here high.
277	not raising taxes, improving traffic flow
278	Improving city services, additional of public art and beautification, improving value of property in Dublin
279	Increase walkable community. Increase number of bike lanes/paths to shopping/offices. Hide above-ground services.
280	Network of bikepaths for ALL of Dublin. More parks and atural greenspace development. Wi Fi connectivity.
281	1. I am concerned about the control the P&Z has over business buildings/construction. I believe that an over zealous attitude towards signage/building permits/etc cause business owners to think twice before moving their business to Dublin. I believe some consideration should be given to revising the charter the P&Z holds businesses to.
282	Improve traffic situation, continually improve the schools, keep current high level of growth management
283	Beauty natural and commercial Services
284	Continued excellence in public facilities, controlling growth and safety.
285	connect bike trail fix Dublin/Glick intersection enlarge DRC
286	Bring more upscale retail and dining options, Increase soccer and athletic programs for children under 5, continue to improve upon the infrastructure to keep up with the growth
287	Continue to provide the quality of life that Dublin is known for. Continue to encourage new business development. 161 corridor.
288	Recycle, Energy sustainability, improve roads and services to home ownwers, plowing etc.
289	Decrease sprawl. Increase connectivity of bike system. Incorporate comercial property with residential. Safer roads. Mosquito control.
290	Excellent schools, excellent public facilities, excellent planning
291	Be a leader via Green thinking, Bike Paths, Alt Energy usage to power govt buildings and protect Land from over development. US 33 and 270 interchange has to be addressed!
292	Listening to residents - get comments by email Improving Roads/Intersections (NOT using Round-Abouts) Communicate more frequently with residents via homeowner association
293	Promote sustainability Maintain or increase business tax base Promote and increase tourism
294	1. no additional taxes 2. better traffic patterns 3. increase hours of recreation center pool & workout facilities
295	Spend the tax dollars wisely - regenerate closed work buildings - cut down on speed traps.
296	Reduce taxes, reduce public art spending, support justice system
297	1.explaining to me why the public art project by the barn in old dublin is important. Why not just leave an open area. 2. the corridor project. That space called Dublin villiage center is a wasteland. 3. continually asking what can we do better and other questions like these.
298	improve historical Dublin but maintain the history of downtown not always build new buildings. Increase parking to downtown so it's easy to go there. Improve traffic flow especially Avery Rt 33
299	1. Strive to be the best...in everything! 2. ? 3. ?

300	Fix 33 / 161 Connect bike path from Emerald to Hard or finish Emerald Parkway (This would be awesome). Consider an additional rec. center just for adult fitness classes and fitness floor.
301	new indoor competitive olimpic size swimming pool schools - keeping them state of the art redevelop dublin village center
302	1. Environmental Sustainability 2. Improving Outdoor Recreation 3. More Community Events
303	1.Continued excellent emergency services. 2.BriHi and Riverside Dr/Rt 161/Shops at Riversedge Development. It's sad not to see the new shopping center being vibrant and occupied by tentants. 3. Do something with the plaza near the Dublin Theaters + the plaze on the corner of Rt. 161/Riverside Drive.
304	Ensure its resources are directed towards Dublin being the most competitive city for corporations to stay, expand and come here
305	lower taxes, continue good job
306	Improve bikeway system and complete as much as possible Acquire and manage open space (Natural) Expand Downtown Dublin and consider moving City Hall Downtown
307	1. Maximizing support for pedestrian traffic. 2. Continuing investment in road improvements and traffic flow (including the dangerous intersection at Brand and Coffman). 3. Upkeep of existing infrastructure.
308	1. To be selected as a best city to live in (housing price impacts) 2. Controlled, planned, smart growth 3. Environmental sustainability/a true green city by # of parks, mature trees, species, natural designations, etc.
309	1) Create more local jobs via encouraging firms to base their operations in Dublin 2) Continue to maintain and improve services to its residents (curbside and other services) 3) Continue to maintain and improve our schools and parks
310	maintain the streets, pickup the trash, keep the peace
311	Sustain the wildlife/nature areas that we currently have (some of us love living in the city but in the country off Bright Road--my favorite thing about Dublin), improve traffic flow, and increase sidewalks/bikepaths.
312	Expand Playing fields. Curb the deer population
313	maintain good tax base provide quality city services enhance community esthetics
314	1. another splash park 2. another pool 3. bathrooms at the parks
315	1. Maintaining and increasing excellence in schools 2. braodband connectiveness 3. maintaining and increasing recreational excellence (upgrades to rec center, bikepaths, parks, city events (festivals and holidays)
316	1. Do projects that enhance resident's community spirit and connect with Dublin. 2. Bike paths and connectivity with existing bike paths. 3.More park land.
317	33/161 development plan. Business and job addition.
318	reduce gov't waste increase kids programs increase perking downtown
319	Fiscal responsibility, improve infrastructure, keep/increase jobs in area
320	1.maintain a conservative budget with rainy day fund-be careful not to assume revenue will always be there. 2.expand the planned community concepts to Sawmill 3. more bike paths linking more public land
321	Transportation, sustainability, livability
322	Keep the community attractive Provide good city services Redevelop Sawmill Road business
323	Seeking new businesses to develop in Dublin. Ensuring public safety. Promoting Dublin as a great place to live, raise a family and work.
324	lower taxes, attract more small business, protect our education system

325	GET RID OF GEESE!
326	Safety recreation fiscal responsibility
327	Keep green spaces Decrease congestion Go democratic (well, you asked)
328	Roads - 33/161 between 270 and Avery Rd and both of those interchanges.
329	safe, clean, and easy to drive around.
330	Revitalizing dying shopping centers.
331	Keep property values up Parking structure in Old Dublin area...not street parking that will discourage people from driving through Dublin. Do not increase taxes...people are discouraged from buying here because of taxes.
332	roads, recreation, zoning
333	Geese control in the city.
334	Repair existing bike paths. Reduce crime. Add additional bike paths.
335	Continue working to keep Dublin an upscale community. Enforce rules and regulations for all property owners Stop speeding
336	To keep Dublin as a premier place to live, more community activities.
337	Maintain its natural beauty Keep the community safe from crime. Be prepared for catastrophic events
338	Rethink shopping centers where people "stroll" The car is here to stay Figure out how to get a wheelchair up the steps to Bri-Hi
339	Maintain the standards that have made Dublin what it is today. Operate as "greenly" as possible. Keep variety of activities available to residents through the DCRC.
340	Provide an entrance to the city Finsih Bri High Fix traffic Stop speinding.....
341	Resident Safety Maintain Quality of Life for REsidents Sustainable Growth
342	1-Prudent fiscal policy. 2-Limit or eliminate debt financing of public works. 3-Use tax dollars prudently to prevent the need for future tax increase!!!
343	a safe place to raise a family with things to do.
344	Education Family Activities Planning for future generations
345	Maintain infrastructure Manage growth effectively Spend tax payers money wisely.
346	bike trails dog park programs in DCRC
347	planned land use, environmental protection, community services
348	Education Roads Parks
349	Continue to attract commercial and retail businesses. Improve or by-pass downtown traffic. Encourage the owners to do something productive with the Dublin Village property.
350	Figure out what to do about the deer. Lyme disease and destruction of plants are big concerns for me.
351	1. Increase walking and biking paths. 2. Centralized tennis facility 3. Improve traffic situation in historic Dublin. Divert most car traffic to other roads to make downtown a destination.
352	Provide Safe Environment Provide Quality Education Controlled GRowth
353	- Continue to grow (not die out); insure that infrastructure is in place before development. - Provide affordable housing. - Use tax payer's monies wisely while keeping up excellent appearance/services.
354	1) become business friendly 2) contain costs for the wonderful community services 3) get more citizen involvement

355	Encourage bicycling and walking rather than driving. Maintain strong emphasis on green space and parks. Foster a sense of community.
356	Cut crime Encourage use of present commercial structures rather than building new
357	1. Job creation and attraction 2. Expand bik patch system with Columbus and other communities. 3. No more Tartan Fields type projects. A community that prides itself on being echo friendly cannot just lay down and allow Union County to be swallowed up by mega mansion developments.
358	Maintain the infrastructure Maintain the current quality of life in the city Treat all residents with respect
359	control the deer population traffic congestion on S High at Bridge St.
360	managed growth employment opportunities historic maintenance
361	-Fill or remove vacant retail space east of river. Add more parking in Old Dublin if possible. -Encourage more community groups and involvement -Continue all the great things they are doing: parks, schools, roads, landscaping etc.
362	don't know
363	In addition to maintaining safety (always a top priority) 1. Improve traffic congestion, make walkways/bike paths especially near schools and along congested roads like Brand Road a priority. 2. Fiscal responsibility - no new buildings, expensive art work, new events, ad campaigns for yet another new Visitor's Bureau slogan when "it's greener in Dublin" works just fine. 3. Continue with green space, planting trees, keeping Dublin attractive, safe, and a great place to live for generations.
364	(1) Community recreation center improvements (2) Bike paths (3) Road improvements
365	1) Fix confusing income tax 2) Ease/revitalize commercial vacancies (why new commercial zoning when so much is vacant?) 3) Continue to develop downtown
366	don't know- environmental sustainability seems like a worthy goal.... maybe shorten this survey, some of the questions seem repetitive.....
367	financially stable environmental sustainability safe
368	1. Continue to provide services that promote a positive community! 2. Safety 3. Historic Dublin...finalizing any issues!!
369	1 - Don't increase taxes 2 - Don't increase taxes 3 - see 1 and 2
370	Leaner, meaner, greener, Dublin Leaner - Walkability, bikeability and access to public transportation make a leaner population. Overuse of cars makes us a flabby city, population wise and structurally. Too many roads, parking lots, and car-oriented shopping and buildings give us a matronly suburban image. Meaner - Tough love for developers by limit footprints, internet shopping limits the need for mega-size shopping. Tackle our dead strip malls and plan to ward off future nightmares. Greener - when updates to city buildings are needed, use green materials, encourage homeowners in green practices, and developments. Businesses want to rent green buildings and will pay higher rents or sign longer leases in exchange for a greener building, encourage businesses to come to Dublin by requiring more than just Leed certification on new development. Fight the replacement of the farmshed/foodshed (that attracted residents here in the firstplace) with McMansions.
371	1. Safe, excellent schools 2. Plentiful options for recreation indoor/outdoor 3. Safe neighborhoods
372	Education so that residents understand how to live with wildlife, as you are doing. Sustainability as you are starting. Make sure that development does not encroach on wild areas that are remaining.
373	environment low tax base good schools
374	traffic on sr 33 and 161/hyland croy exit. sr 33 and avery exits sr 33 and 270 exits
375	keep taxes low, keep highland croy north corridor in Dublin, improve 33/270
376	Sewer services. Cross walk for Trails End Dr. (serious safety issue).
377	Good schools Good community recreation opportunities Safety

378	Keep focus on youth, create a good environment to attract business, develop commercial area down by Riverside and 161 to really leverage Old Dublin (broader area), bike paths and connectivity of paths
379	Manage budget dollars within cost parameters of economic times to prevent/reduce shortfalls Utilize shared cost of services (ie. Marysville, Worthington, Columbus, State of Ohio) on approved projects Provide residents with the clear vision of the future while supporting community and business development
380	Controlled growth, efficient use of tax dollars, and maintain excellence that has been developed.
381	1. Community planning 2. schools 3. Parks/leisure facilities
382	1) Improve the consistency and economic diversity of the schools 2) Improve road, old Dublin parking and traffic flow 3) Increase bike paths
383	Increase interest in old Dublin, improve esthetics of public spaces, upgrade technology.
384	1. Job creation through tax incentives for corporations/small business. 2. Address public safety concerns (left turns at Avery-Muirfield/Perimeter corridor). 3. Appropriate development of Hyland-Croy corridor.
385	Traffic calming, more bike paths that connect to each other, parking in old Dublin
386	Tennis courts, roads and traffic flow
