9	Do not increase ANY services that are not essential. Reduce these above services or other city services to pay for the levies. Money for the levies should come from appropriate taxing entities serviced by the Township Fire Department.
10	The City and the Metro Parks offer many programs. I often wonder why the Township functions aren't merged into the City. It seems to me the Township just looks for ways to spend money because it has it, and it overlaps with the City, needlessly.
